

Cherokee Area Council
2012 Winter Merit Badge Festival
Saturday, February 25, 2012
Cost is \$11 Scout (\$6 adult)

Tri-County Technology Center
6101 SE Nowata Road (Highway 60), Bartlesville, OK

Scouts can work on merit badges in four areas. Adult training sessions and online training will also be held. Packet pickup begins at 7:30 a.m. Sessions begin at 8:00 a.m. The event ends at 5 p.m. (no assemblies). A light lunch is included in the registration fee. The uniform of the day is "Class A." Free camping is available on Friday and/or Saturday nights at Camp McClintock (about 30 minutes away - contact the Scout Office at 918-336-9170 to reserve.)

Requirements earned will be recorded on the Scout's schedule sheet only (no blue cards). Scouts will need to complete any requirements not covered in the sessions. Scouts should check [HERE](#) to see what requirements need to be completed prior to the merit badge session. Most of the merit badges do not complete during the session, so be sure to check the [REQUIREMENTS LIST](#).

Scout registration information is posted [HERE](#). Units must register the whole unit using the registration spreadsheet [HERE](#). All Scouts must be pre-registered. Two deep adult leadership is required for all units. Registrations are due by January 31st to ensure attendance.

Adults are strongly encouraged to pre-register for sessions to ensure materials and space is available. Red Cross First Aid, CPR/AED, BALOO, and SM/ASM Leader Specific training are offered as well as many other courses. An adult registration form is available [HERE](#).

Out of council units may submit # of Scouts to attend by January 16th. A lottery will be held to determine slots. Requests should be sent to registrar@cherokeesca.org with council, contact name, number of Scouts to attend. Units will be notified by January 19th of slot availability. After Jan 31st any registration will be accepted until a total of 300 Scouts is reached. All registrations are required by February 16th.

A few sessions will fill up, so submit your application early to be assured of getting your first choices. If a session is full at one time slot, the choices will be automatically switched to provide you with first choice for a time slot, so second choices should be distinct from any first choice.
